

# Passport Instructions

## You will need:

- Printer
- Scissors
- Glue
- Stapler or sticky tape

## Here's what to do:

1. Print out all three of the passport pages.
2. Cut each page in half along the dotted lines so you end up with six pieces of paper.
3. Fold each page along the solid lines.
4. Glue the backs of the pages with the front and back covers and the welcome message and map together.
5. Now put the remaining folded pages inside the front and back covers so that the pages with the quiz appear in the centre. Then staple or tape everything together to finish off your passport.
6. You'll also need to cut out the passport stamps below. Each time you find an object in your passport, you can stick a stamp next to it.

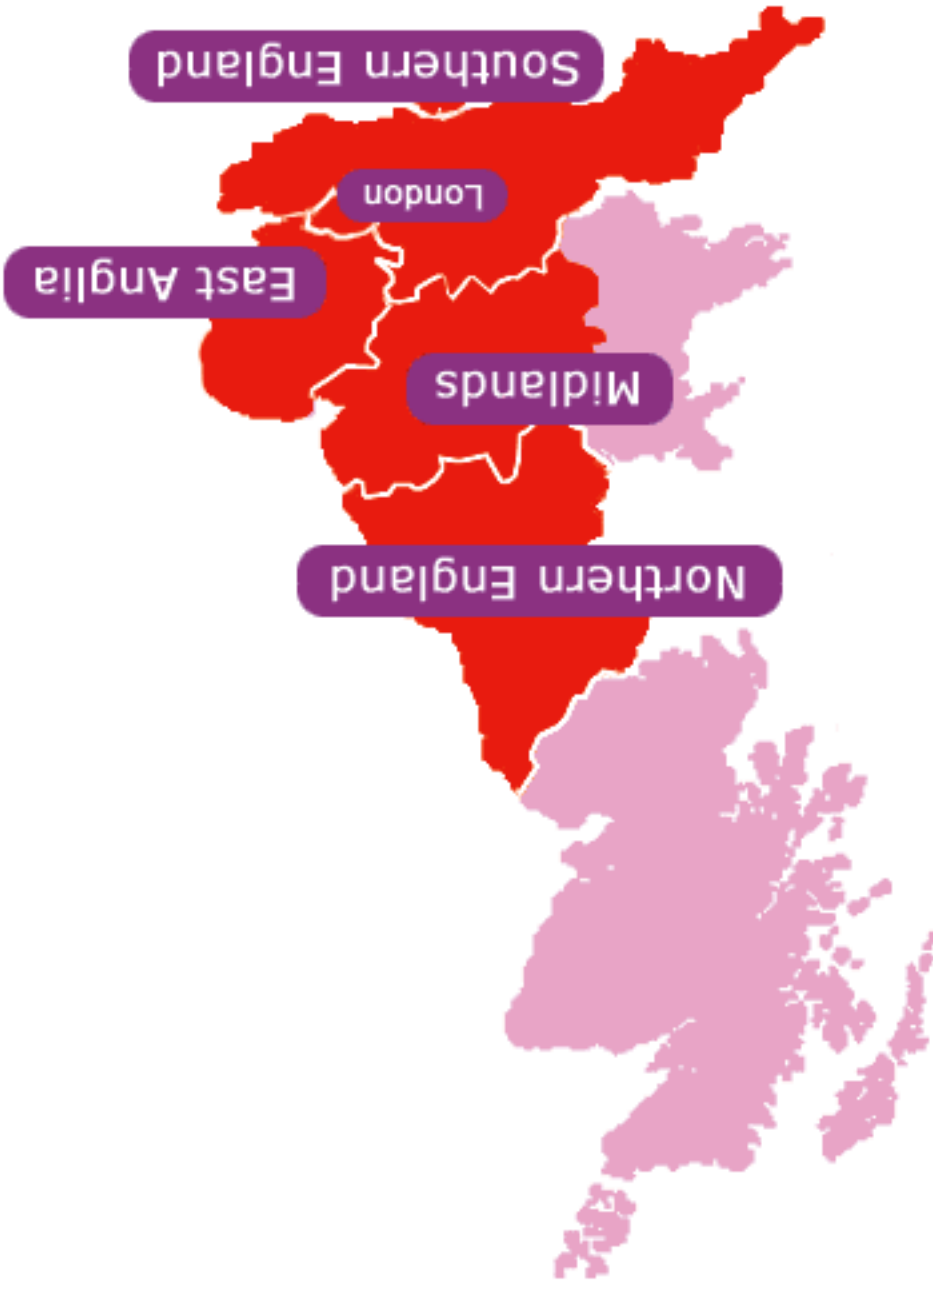

This symbol is known as the Khanda - it represents a double-edged sword which appears at its centre.

Use the blank pages in the passport to add your own drawings and writing from each of the places you visit and don't forget to test your knowledge in the Quiz.

Follow the instructions carefully to make your passport, then get exploring. For each venue there are 4 objects to find and each time you've found one you can stick a stamp next to it in your passport.

Welcome to the **ASHT Kids' Discovery Club Passport**. It shows you a selection of all the wonderful Sikh objects to be found at different locations up and down the country as well as some hidden treasures that you have to find on the ASHT Kids Discovery Club Website: [www.asht.info/kids](http://www.asht.info/kids).

# ASHT Places to visit

We've also added a **Hidden Treasures** section - this includes objects that aren't currently on display to the public, although they are available on the ASHT Kids' Discovery Club website. Hunt for the special icon on the site to see if you can find them.

Places I have visited on the Anglo Sikh Heritage Trail and what I have found:
